

Two Friends Adventure with Harry Potter

by Tyler Fromm

Zach and Tyler are walking down the street. Zach said, "ooh, we'd better get home before dark." When they got home, they found a letter that had a rare stamp on it. They opened the envelope and it said "Dear Zach and Tyler: You have been informed that you are wizards and you must go to Hogwarts Diagon Alley and you will find Rubeus Hagrid waiting for you." They met Rubeus Hagrid - he was a giant! He was almost fifteen feet tall. Then Zach and Tyler met a boy named Malfoy and started dueling with him. They went spell after spell and it just didn't seem to stop. Then Harry Potter arrived and blew up Malfoy. After Zach and Tyler learned the rules, no doubt they went straight into the Forbidden Forest. They met a whole bunch of unicorns and centaurs. Harry and Tyler asked if the centaurs could lead them to the other side. The centaurs said "The other side is over a million feet from where we are standing." Finally they got to the end of the forest. Voldemort was stand there - Zach and Tyler nearly fainted.
